

SAFE, CLEAN, PRODUCTIVE – STONHARD SOLUTIONS FOR DAIRY PLANTS

Optimize efficiency in your dairy and protect workers and animals with high-performance, ultra-hygienic Stonhard solutions.

PRODUCTS & INSTALLATION

Stonhard formulates and expertly installs tailored floor and wall solutions for dairies. From process areas, tank farms, chemical storage, and bulk receiving; to packaging and labeling, coolers, loading docks, and more; our products will meet your requirements and state regulations from agencies such as USDA, OSHA, and the FDA..

THE PERFORMANCE YOU REQUIRE

Stonhard flooring systems provide a wide range of performance benefits customized to your needs:

-  Abrasion Resistant
-  Chemical Resistant
-  Slip Resistant
-  Thermal Stability
-  Easy to Clean and Maintain
-  Moisture Resistant

THE BOTTOM LINE

Prevent contamination and elevate hygiene standards with poured-in-place Stonhard floors. We ensure a long-lasting, slip-resistant floor that stands tough against thermal shock/cycling, chemicals, and moisture, keeping your dairy efficient and productive.

THE EXPERTISE WE PROVIDE

More than a century of manufacturing and installing seamless floors. Our direct sales force along with Architectural, Design, & Engineering Team and Construction Management Group, work with you from product recommendation to final walkthrough.

OUR CERTIFICATIONS

Stonhard is committed to sustainability and healthy products. We are a proud member of the U.S. Green Building Council, a member of the Manufacturer Advisory Panel for the HPD Collaborative, and listed with mindful MATERIALS (mM).
