ESD FLOORS MANUFACTURED & INSTALLED TO PROTECT PEOPLE, EQUIPMENT & PRODUCTS

Stonhard manufactures and installs a comprehensive line of ESD floor solutions, formulated for the electronic, pharmaceutical, munitions, aerospace and automotive industries.

## CHOOSE FROM FOUR ESD FLOOR SYSTEMS TO PROTECT PEOPLE, EQUIPMENT AND PRODUCTS FROM DAMAGING STATIC ELECTRICITY

**STONCLAD ESD** ⚡ – Heavy-duty, epoxy mortar-based ¼ inch/6mm system: conductive, spark proof, chemical, impact and abrasion resistant \*

**STONSHIELD ESD** ⚡ – Textured, epoxy 2mm/80mil system: conductive, slip resistant, easy to clean, wear resistant - 5mm option available

**STONLUX ESD** ⚡ – Self-leveling, epoxy 2mm or 3mm system: static dissipative or conductive, smooth & chemical-resistant

\* Stonclad ESD is offered in black and 10 standard colors utilizing Stonkote AT5 as a coating.

### Seamless

- Poured in place for long-term protection with no seams – sanitary and easy to clean.

### Conductive & Static-Dissipative

- Protects sensitive components/products from electro-static discharge.

### Safe

- Works in combination with all ESD programs. Conforms to ANSI ESD S20.20 standards.

### High Performance

- A complete floor system providing long-term performance vs. ESD tiles, ESD mats and topical treatments.

### Chemical & Stain Resistant

- Resists splashes and spills from acids, alkalis & solvents; won't compromise long-term performance.

### Abrasion Resistant

- Stands up to daily wear and tear.

### High-Gloss Finish & Stylized

- Improves appearance and works with facility designs and a broad palette of standard colors. Custom colors available.

## WHERE YOU NEED SEAMLESS FLOOR & ESD PROTECTION

### ELECTRONICS

**Manufacturing Areas**  
**Packaging Areas**  
**Circuit Board Assembly**  
**Testing Areas**  
**Laboratories**  
**Chemical Storage**

### PHARMACEUTICAL

**Tableting Area**  
**Powder Processing**  
**Vivariums**  
**Packaging**  
**Laboratories**  
**Clean Rooms**  
**Powder Charging**

### AERO/AUTO AUTOMOTIVE

**Manufacturing Assembly Areas**  
**AGV Traffic Ailes**  
**Production Lines**  
**Test Cells**  
**Battery Rooms**  
**Hangars**  
**Service Bays**

### TECHNOLOGY

**Data Centers**  
**Server Farms**  
**Waffle Slabs**  
**Laboratories**  
**Plating Lines**  
**Air Plenum**

## TREATING THE PROBLEM WITH LONG-TERM CONDUCTIVE & STATIC DISSIPATIVE SOLUTIONS

There are many ESD solutions, but you will not find more comprehensive and proven ESD floor systems than ours. We recognize the difference between the conductive and static dissipative needs of our customers and have systems specifically designed for both. We strive to ensure the right system is installed for your unique environment. In addition to manufacturing and installing our floor systems, we deliver accurate readings in accordance with the ANSI ESD S7.1 testing method to confirm the effectiveness and safety of our systems.

For more than a century we have been formulating and installing floors. We take responsibility for both product and installation and support you by providing technical assistance and cleaning guidelines to help prolong the look and life of your floor. And, we always work with you directly. Contact us today, 800.257.7953, [www.stonhard.com](http://www.stonhard.com).
