A liquid-rich, seamless epoxy floor that uses highly reflective, decorative flakes set in a clear resin for a rich, dramatic look. Glitz Mineral is also acoustic, scratch-resistant, easy under foot and is easy to maintain, making it ideal for public spaces like restaurants, night clubs, showrooms, entertainment venues, retail stores and workplace environments too.

Color reproductions are as accurate as modern photography and quality printing methods can produce. For actual color, please request a sample. www.stonhard.com. ©2024 Stonhard
